Notes:

1. Numbers include supporting staff such as Team Manager, Coach etc.
2. Maximum numbers are for single gender teams.
3. The maximum number for mixed gender or other combinations of representative teams (e.g. senior and masters) will be subject to approval by the appropriate Services Sports Board in each case. It will normally be significantly less than twice that of a single gender team.
4. The maximum number for visits by smaller than standard teams, e.g. 5-a-side football, will be proportional to the 'on the field' numbers of a full-size team, i.e. 5-a-side football – maximum number is 11.
5. When circumstances merit, Service Sports Boards may authorise an increase of up to 33% of the above numbers for training camps.
